## REACH Article 33 Disclosure

---

The European Union's REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) regulation sets compliance requirements for manufacturers, importers, and downstream users of chemicals, including chemicals contained in articles and preparations, that are imported into the EU for distribution, sale, or use by third parties.

Under REACH Article 33, Gill is required to disclose the presence of Substances of Very High Concern (SVHCs) to downstream users if present in Gill products that are imported into the EU in a concentration that exceeds 0.1% w/w per Article. Gill is also required to disclose SVHCs that are present in products to consumers within 45 days of request.

SVHC	CAS Number	Location of SVHC	RoHS Exemption
Lead	7439-92-1	Lead in single crystal piezoelectric materials for ultrasonic transducers.  Lead in solders for bonding to ultrasonic transducers.  Neither of these items are accessible without disassembly of the product.	2011/65/EU Annex IV section 'Other', items 14 and 15
